

## The Forward Trust Job Description

<b>Position Title</b>	<b>Band 6 Substance Misuse Nurse</b>	<b>Reports to</b>	<b>Lead Nurse</b>
<p><b>Region: Surrey Prisons</b></p> <p>In order to meet the needs of the service, from time to time you may be required to work outside your normal locality. Forward Trust reserves the right to change your normal place of work to any other location within Forward Trust.</p>			

### Introducing Forward Trust

We are The Forward Trust (formerly RAPt and Blue Sky), the social enterprise with charitable status that empowers people to break the often interlinked cycles of crime and addiction to move forward with their lives. For more than 25 years we have been working with people to build positive and productive lives, whatever their past. We believe that anyone is capable of lasting change. Our services have supported thousands of people to make positive changes and build productive lives with a job, family, friends and a sense of community.

### Role Overview

To provide high-quality clinical assessment and treatment to substance dependant prisoners, working in partnership with HM Prison Service and all other stakeholders.

You will ensure the delivery and monitoring of high standards of nursing care and relevant substance misuse interventions to all Service Users in accordance with the standards set out in the NMC Code of Conduct.

As a Band 6 Nurse, you will demonstrate leadership and undertake managerial responsibilities if required.

### Accountabilities

#### Clinical Responsibilities

- Provide high standards of nursing care through on-going clinical assessment, planning, implementation and evaluation of treatment for drug and alcohol users
- Work with a high degree of autonomy and professional accountability to safely deliver healthcare
- Manage sensitive information empathically. This includes sharing and discussing a patient's changing condition or needs with other relevant professionals
- Participate in inter-professional and multidisciplinary working, to ensure continuity of care.
- Contribute to the development, implementation and evaluation of clinical and psychosocial service delivery
- Safely manage high risk areas and carry out risk assessments including:
  - Handling hazardous material and body fluids
  - Challenging behaviour and high risk situations

- Adult/child safeguarding concerns
- Illicit Drug Use
- Promote the health and well-being of patients, supporting their often complex needs to maintain their optimum level of physical and psychological health
- Ensure care plans and needs assessments are reviewed and maintained
- Hold an individual caseload of patients and manage these effectively
- Ensure the 6 'C's are embedded in your clinical practise
- Ensure that all aspects of professional behaviour and standards are practised in accordance with the NMC Code of Conduct at all times.

## **Medicines Management**

- Delivery of prescribed medication following patient assessment.
- Accountable and responsible for risk management and with-holding medication when appropriate, and that the correct reporting procedures are adhered to.
- Participate in the medication audit process, ensuring recommendations are implemented

## **Education and Development**

- Participate in continuous professional development opportunities ensuring requirements of revalidation are met
- Ensure professional development and updating of knowledge to meet PREP requirements of the NMC
- Have knowledge and understanding of the requirements of the Department of Health Drug Misuse and Dependence UK Guidelines on Clinical Management and all other relevant policy and research updates as outlined in your supervision

## **Management**

- Deliver clinical supervision to junior staff.
- Deputise for the Lead Nurse when required.
- Attend clinical meetings, relevant groups and committees, including clinical governance and quality meetings when directed by the Lead Nurse.
- Support junior staff with their NMC revalidation process and continuous registration.
- Take on other reasonable tasks and responsibilities as deemed appropriate by the Lead Nurse

## **Administration**

- Ensure all documentation is legible, accurate, dated and signed to expected audit and NMC standards.

## **Communication**

- Maintain a high level of professionalism at all times in accordance with NMC Standards and the Forward Trust values. Acting as an ambassador for the Forward Trust and HM Prisons
- To liaise with the multidisciplinary team, HM Prison, other providers and stake holders and community services
- Effectively manage and maintain information, including confidential information, within statutory duties and in accordance with best practice
